

NATURAL GAS IS
READY

TO CUT EMISSIONS, REDUCE FOREIGN OIL DEPENDENCE
AND TO CREATE JOBS IN THE MARCELLUS SHALE.

AMERICA'S CHAMPION OF NATURAL GAS™

At Chesapeake, we're proud to be one of the country's leading producers of natural gas. We're also one of its leading proponents. After all, natural gas is the one energy alternative that makes sense for America as we transition to a clean energy economy. It's twice as clean as coal. It powers vehicles for 50% less than gasoline. And there's more than a 100-year supply – under our very own soil. Now that's something we can all champion. **chk.com**
